PROFILE

I am eager to work in a position where I can contribute to the growth and success of your company by utilizing the experience and personal qualities I have gained throughout my education. I have been closely following your company's work culture and objectives for a long time, and I firmly believe that my qualifications, skills, and career expectations align perfectly with your organization.

I graduated from Nişantaşı University with a degree in Computer Engineering in 2024. Throughout my academic journey, I actively participated in various student clubs and volunteer initiatives. The courses I completed and the projects I worked on have provided me with comprehensive knowledge ranging from fundamental to advanced levels in my field.

Moreover, through my internships, I had the opportunity to enhance my skills in project management, planning, and teamwork.

I kindly request you to review my detailed CV attached to this email, as I am eager to contribute to your esteemed company and further develop my professional skills.

Please feel free to contact me via the email address provided in my contact details for any further inquiries.

Thank you for your time and consideration.
